Kellton Tech Secures A- Credit Rating from ICRA

Hyderabad, March 30, 2026 — Kellton Tech Solutions Limited, an AI-led digital transformation and technology consulting company, today announced that ICRA Limited has advanced the credit rating to **[ICRA] A- (Stable)** from the earlier rating of **[IND] BBB+**.

The upgrade reflects the Company's strengthened credit profile, supported by its healthy operating performance, prudent financial management, and consistent growth momentum. The rating also factors in the Company's comfortable leverage position and adequate debt coverage metrics.

The outlook on the long-term rating has been reaffirmed as Stable, indicating expectation of continued steady financial and operational performance over the medium term. The ratings reflect Kellton's long track record in the IT services industry, experienced promoters, and its diversified client base across a wide range of industries. The Company has demonstrated a strong share of repeat business from existing clients, contributing more than 80% of its revenues over the last two years, indicating a stable and sticky revenue profile.

ICRA has also highlighted Kellton's growth trajectory, supported by sustained demand across key segments, including digital transformation programmes, AI-led intelligent automation, cloud-native engineering, and enterprise solution implementations. The company reported revenue of ₹903.1 crore in 9M FY2026, reflecting continued growth momentum and is expected to and is expected to record healthy revenue growth over the next two years, supported by scale-up from recent acquisitions and continued demand for AI-centric projects.

Executive Chairman, Kellton Tech Solutions Limited

"We are proud to secure [ICRA]A- (Stable) rating, which reflects our established track record, diversified client base, strong repeat business, and healthy financial profile. We remain focused on sustaining growth through our digital transformation capabilities and AI-led offerings, while maintaining disciplined expansion across global markets."
